Playhouse Primary School Partnership 2017/18

Bringing creativity and
drama to the curriculum

Specialised opportunities for teachers and pupils

A year-long package of workshops, CPD and theatre visits to support creative learning across the curriculum.

Teachers will be given all the guidance and training they need to direct a brand new play for Key Stage 2 pupils, commissioned from leading playwrights as part of the Playhouse Festival.

How does it work?

We support you throughout the year with a package of exciting opportunities to suit your school's needs.

The Primary Partnership is a thrilling introduction to theatre, developing communication skills whilst building confidence and meeting the demands of the curriculum.

The partnership includes:

- The opportunity for a performance in The Drum at Theatre Royal Plymouth
- Rehearsal time at our Production and Learning Centre, TR2 and in The Drum with professional support from directors and technicians
- An exclusive project launch for teachers at Theatre Royal Plymouth
- School assemblies and presentations
- A fully catered CPD weekend in March delivered by professional playwrights, directors and facilitators
- Numerous planning, INSET and workshop opportunities throughout the school year
- Tour and Explore visits for pupils to TR2
- £600 ticket credit for productions at Theatre Royal Plymouth

“I’m feeling 100 times more confident about using drama in school.”

Mandy Daniels, Stoke Damerel Primary School

**“I was given everything
I needed — producing
a play with my class
became much easier
and far less daunting.”**

Joel Howard, Prince Rock Primary School
